TMS Suite of Profiles

24 Sept 19 | 11 - 11:30am AEST | [REGISTER](#)

What makes one team more effective than another?

Join us to discover what sets the most effective teams apart from the rest. Our suite of simple, practical team tools puts the team in the driving seat to capitalise on strengths and minimise blind spots.

TMS are the experts in teamwork. We have been working with teams for over 30 years: new teams, project teams, remote teams, executive teams, agile teams, mature teams reinventing themselves.

This session is designed for those new to TMS, who are not accredited and may or may not have experienced our Profiles just yet. Discover...

- New ways of engaging your teams
- How to strengthen collaboration
- A system to improve processes and enhance productivity

The TMP in the Life Cycle of an Employee

03 Oct 19 | 11 - 11:30am AEST | [REGISTER](#)

The Employee Life Cycle model identifies the different stages an employee advances through in an organisation.

Management of the employee life cycle is required to be continually improved to ensure the success of employees and the organisation. Join Jane O'Brien our L&D specialist who will explain how the Team Management Profile (TMP) can be integrated throughout the life cycle of an employee. The TMP is not just a Profile but a programme. Here how Peter Piper applied the Profile at work!

Explore how the TMP fits into the Life Cycle of an Employee through...

- One Profile many applications
- Practical, Reliable and Researched
- Must have psychometric tool for individuals, teams & organisations
