

Team Management Profile **BOOSTER**

The Team Management Profile (TMP) Booster is an accelerated update programme that reviews the core TMS concepts and introduces the latest online resources that accompany the TMP Hub.

If it has been a few years since your accreditation, this is the best way to reacquaint yourself with the most up-to-date tools and resources including the TMP Online Activity Centre and Hub.

In the interactive webinar sessions, you will have a chance to revisit the essential elements of the TMS theory and learn the latest ways that TMS is applied in contemporary programmes around the world.

Boosting your TMP accreditation will...

- Update and refresh your knowledge and application of the TMP
- Revisit fundamental TMS theory and core concepts
- Give you an understanding of the latest resources you have available within the TMP
- Show you new ways of improving team and leadership development with impact

TMP BOOSTER LEARNING OUTCOMES

This programme is designed to refresh your original TMP Accreditation with specific focus on theory and application. This programme covers:

- Revision of TMS methods and core concepts
- Resources to review team performance
- The link between preference and performance
- The four work preference measures (RIDO)
- The link between RIDO and the Types of Work Wheel
- Balanced and unbalanced teams
- The Linking Leader Model and High Energy Teams Model
- The TMP Hub as a tool to improve business performance
- Using the TMP Hub for individual personal development and career conversations
- Incorporating the TMP Hub as part of an organisational development initiative
- Designing a 12 month programme using best-practice for blended, social and collaborative corporate learning
