

Team Management Profile **REFRESH** your accreditation

Discover new applications and resources by refreshing your TMP accreditation through a public or virtual accreditation programme. Update your knowledge of the TMS framework and modernise your toolkit with all the resources you need to run high quality, informative TMP debriefs and programmes.

Refreshing your TMP accreditation will...

- Update your training resources with our new and improved accreditation handbook
- Refresh your knowledge of the core TMS concepts and framework
- Improve your understanding of the TMP Hub and how it can be integrated into your learning programmes
- Update your knowledge of the research that supports the TMP (including our latest global sample size of over half a million respondents)
- Give you insight into how you can maximise the value of the TMP and improve the impact of your L&D initiatives.

Extend your development programmes with the **TMP Hub**

The TMP Hub is a unique set of learning applications and activities which provides additional tools to ensure that learning stays on the agenda well after your workshop is complete. Located within the Online Activity Centre, it enables facilitators to deliver richer development sessions, as well as ongoing learning opportunities for clients.

The TMP Hub provides a complete learning programme to promote to your clients, is available for 3 years and is included in the cost of a profile.

“ I recently **refreshed my accreditation** where I sat alongside people becoming accredited for the first time, reinforcing my learning as a TMP accredited facilitator. I enjoyed sharing advice about implementation of TMS and how to address key issues that arise in real life workshops I have facilitated. Everyone left the workshop ready to start their TMS journey **confidently and professionally**.

I learnt more about the **TMP Hub** and how to choose the right apps for my programmes. In particular I liked the **Pacing app** and how it can be used to improve communication between team members by identifying tips for better linking and potential areas for conflict. ”

Shane Cooper Queensland Police Service
TMS Network Member since 2015

Price

\$995 ex GST

(full price \$2495 ex GST)

Price includes a new TMP with **unlimited access to your Hub and online resources for THREE years.**

Workshop Delivery

PUBLIC WORKSHOPS

Public workshops blend TMP theory with practical applications, including exercises demonstrating how to use the TMP Hub to support your learner's on-going development.

Our face-to-face accreditation programmes are highly interactive and the ideal option for practitioners who enjoy learning with others.

VIRTUAL WORKSHOPS

Virtual workshops use a blended learning approach combining live webinars with self-directed learning and phone coaching provided by our specialists.

The virtual workshop provides you with a live and interactive learning experience from a location of your choice.
